

**WHERE EXPERTISE TRANSFORMS LIVES.**

## **Technical Assistant (f/m/d) - In vivo models of leukemia**

**Location:**

Vienna

**Working Hours:**

Full-time employee

**Area:**

Davide Seruggia Group

**Salary:**

min. € 3.390.-

**Contact:**

[vanessa.kuehl@ccri.at](mailto:vanessa.kuehl@ccri.at)

**Application Deadline:**

28.02.2026

**Join a leading research environment where your expertise drives innovation and your scientific growth is encouraged. Contribute to science that makes a difference!**

Become part of the Seruggia Lab at St. Anna CCRI and help drive cutting-edge in vivo research that fuels breakthroughs in pediatric leukemia. Our team's unique strength lies in its expertise in chromatin biology and non-coding DNA, uncovering how gene regulation shapes disease. You will join a supportive, curiosity-driven culture that values teamwork and scientific passion. This position gives you the opportunity to make a meaningful impact on research that truly matters.

More information about the Seruggia Group can be found here:

- [Seruggia Group - Pediatric Leukemia Biology - St. Anna CCRI](#)
- [Seruggia lab – Hematopoiesis, chromatin & transcription](#)

### **Your responsibilities**

- Become a core member of our team, supporting and enabling ongoing research projects
- Perform experiments using mouse models of leukemia
- Analyze blood cells using flow cytometry
- Manage and maintain our colony of transgenic mice

### **Your profile**

What you bring for this position:

- Master's degree or PhD in Life Sciences
- Extensive experience in animal experimentation (FELASA or equivalent)
- Expertise in hematology/oncology or immunology
- A strong scientific curiosity and a proactive mindset
- A team-oriented, honest, responsible and respectful working style

## Our offer

**Learning & Growth:** Take advantage of seminars, trainings and language courses to expand your skills

**Health & Wellbeing:** Your health matters – benefit from our company doctor and in-house pharmacy

**Flexibility that fits your life:** Benefit from flexible working hours and additional days off

**Collaborative Spirit:** Join a young, motivated team that values open exchange, creativity and initiative

**Supportive Environment:** Be part of a team that thrives on cooperation, open communication and mutual respect

**Prime Location:** Work in the heart of Vienna – a European hub for biomedical research and a city known for its high quality of life

A fair and attractive salary package starting at € Gehalt, 3.390 gross (14x per year) on full-time basis with a view to increase based on your qualification and experience.

## Who we are

One of Europe's leading institutions in the field of pediatric oncology, St. Anna Children's Cancer Research Institute (St. Anna CCRI) investigates the biological foundations of cancer in children and adolescents. For almost 40 years, our multidisciplinary teams have been committed to developing innovative diagnostic approaches and personalized treatments aimed at further improving young patients' chances of cure. In close collaboration with both national and international partners we combine scientific excellence with clinical relevance. We stand for responsible research, transparency and sustainable knowledge building. As an employer, we offer a state-of-the-art research environment, opportunities for professional development as well as a workplace culture that embraces diversity and appreciation. Work where it really matters and contribute to science that makes a difference.

St. Anna CCRI is an equal opportunity employer. We value diversity and are committed to providing a work environment of mutual respect to everyone without regard to race, colour, religion, national origin, age, gender identity or expression, disability, or any other characteristic protected by applicable laws, regulations and ordinances.
