

WHERE EXPERTISE TRANSFORMS LIVES.

Master Student (f/m/d) - Pediatric Leukemia

Location

Vienna

Working Hours:

Full-time employee

Area:

Davide Seruggia Group

Salary:

€ 551,20.-

Become part of a dynamic and hands-on research team and gain valuable lab experience. Contribute to science that makes a difference!

Become part of the Seruggia Lab at St. Anna CCRI and help drive cutting-edge research that fuels breakthroughs in pediatric leukemia. Our team's unique strength lies in its expertise in chromatin biology and non-coding DNA, uncovering how gene regulation shapes disease. You will join a supportive, curiosity-driven culture that values teamwork and scientific passion. This position gives you the opportunity to make a meaningful impact on research that truly matters.

More information about the Seruggia Group can be found here:

- [Seruggia Group - Pediatric Leukemia Biology - St. Anna CCRI](#)
- [Seruggia lab – Hematopoiesis, chromatin & transcription](#)
- Recent papers from the lab: [Montano et al. 2026](#); [Becerra, et al. 2026](#); [Batty et al. 2025](#); [Kutschat et al. 2025](#)

Your responsibilities

- Develop a well-structured and coherent Master's thesis project
- Support and participate in routine laboratory tasks and responsibilities
- Present your work in lab meetings and institute seminars

Your profile

What you bring for this position:

- Bachelor's degree in Life Sciences
- Basic knowledge of biochemistry and cell biology
- Hands-on lab experience in molecular biology and cell-culture techniques
- High attention to detail and strong scientific curiosity

Our offer

Collaborative Spirit: Join a young, motivated team that values open exchange, creativity and initiative

Prime Location: Work in the heart of Vienna – a European hub for biomedical research and a city known for its high quality of life

Academic Network: Benefit from close collaborations with leading national and international institutions

Nutritious breaks: Enjoy subsidized lunches, fruit baskets and a lunch break that's part of your working hours

Flexibility that fits your life: Benefit from flexible working hours and additional days off

Learning & Growth: Take advantage of seminars, trainings and language courses to expand your skills

This Master's position includes a monthly allowance of € 551,20 (Geringfügigkeitsbeitrag 2026).

Who we are

One of Europe's leading institutions in the field of pediatric oncology, St. Anna Children's Cancer Research Institute (St. Anna CCRI) investigates the biological foundations of cancer in children and adolescents. For almost 40 years, our multidisciplinary teams have been committed to developing innovative diagnostic approaches and personalized treatments aimed at further improving young patients' chances of cure. In close collaboration with both national and international partners we combine scientific excellence with clinical relevance. We stand for responsible research, transparency and sustainable knowledge building. As an employer, we offer a state-of-the-art research environment, opportunities for professional development as well as a workplace culture that embraces diversity and appreciation. Work where it really matters and contribute to science that makes a difference.

St. Anna CCRI is an equal opportunity employer. We value diversity and are committed to providing a work environment of mutual respect to everyone without regard to race, colour, religion, national origin, age, gender identity or expression, disability, or any other characteristic protected by applicable laws, regulations and ordinances.
